

8. What Records do the ASHA Maintain

A village health register that:

- a. **Village Health Register** in which you will record details of pregnant women, children, 0-5 years, eligible couples and others in need of services.
- b. **An ASHA diary** which is a record of your work and also useful for tracking performance based payments due to you.
- c. **Maintaining drug kit stocks:** You are provided with a drug kit so as to be able to treat minor ailments/problems. The drug kit contains: Paracetamol tablets, Albendazole tablets, Iron Folic Acid (IFA) tablets, Chloroquine tablets, Oral Rehydration Salts (ORS), and eye ointment. In addition, the kit may contain condoms and oral contraceptive pills, pregnancy testing kits, and malaria testing kits. The contents of the kit may change depending on the needs of the state.

The drug kit is to be re-filled on a regular basis from the nearest PHC. To keep a record of consumption of the drugs, and for effective re-filling and ensuring adequate/timely availability, a drug kit stock card is maintained. This can be completed by the person who refills the kit or by you.
